

MARIS STELLA COLLEGE, VIJAYAWADA-8
(An autonomous college affiliated to Krishna University)

Department of Computer Science

Practical : V

Title: Java Lab

Semester : V

1. Write a program to find the largest of n natural numbers.
2. Write a program to find whether a given number is prime or not.
3. Write a program to check whether a given number is odd or even.
4. Write a program to check whether a given string is palindrome or not.
5. Write a program to print the sum and product of digits of an Integer
6. Write a program to implement Constructors.
7. Write a program to implement Method Overloading.
8. Write a program to implement Method Overriding.
9. Write a program to implement Matrix Multiplication.
10. Write a program to implement String Functions.
11. Write a program to implement Multi level inheritance.
12. Write a program to implement Interfaces.
13. Write a program to implement Packages.
14. Write a program to implement multiple catch blocks with finally keyword.
15. Write a program to implement Throwing user defined exception.
16. .Write a program to implement Applet to use Graphic Method.
17. Write a program to implement Applet using two text fields to find sum of two numbers.
